This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Light Through the Valley

It is not fitting I should seek
thee, Death;
And yet 'tis seemly I should
welcome thee
When thou shalt call, and greet
thee as a friend.
And kindlier is my thought of thee,
because
For years I feared, misjudged, mis-
understood
Thy meaning, nor did comprehend
the boon
So oft conferred by thee.

302341

Thus, being held
Before my sight a terror, sund-
'ring wide,
Dissolving tend'rest ties, I heard
thee called
"Grim Reaper," a "Destroying
Angel"; so,
I feared to look upon the face of one
On whom thy hand was laid. I
shunned to walk
E'en near the brink, to dart a fur-
tive glance
Into the self-created gloom we call
The Valley of thy Shadow.

Now I know
Thee as thou truly art. Methinks
I see

Light Through the Valley

Thee through the eyes of those who
long have prayed
That thou wouldst come to end a
hopeless day
Of pain, unending till relieved by
thee.
And I have watched beside the bed
of one
Whose years were many, and whose
light had burned
So deep within its socket that the
flame
Itself appeared the shadow of a
flame.
Each new-born day I saw him
grieve because
Thy wings had not been folded o'er
his couch

Light Through the Valley

For one sweet moment, then thy
flight renewed,
His weary spirit borne by thee afar
To other worlds, and hoped for,
better things.

And I have seen thee fold in thy
embrace
A form so fair, my words could
ill describe
Her beauty, yet, where dwelt a soul
who longed
To be away with thee; who saw
the sea
Of years ahead, then saw the dream
of life
A shattered wreck along its break-
ing shore,

And shrank to breast the storm.
And when thou cam'st
To her, I saw the answering smile
o'erspread
Her face, and heard her answer unafraid.
Yea, Death! To hosts unnumbered hast thou been
A Messenger of Light, an Angel
Fair
Of Mercy. Thou hast freed the
hopeless slave,
And ended weary exile by thy touch.
The martyr at the stake hath prayed
for thee,
And happy in his torture, raised
his song
Because of thine approach.

Light Through the Valley

So, Angel Death,
Though life is sweet, and while I
seek thee not,
I pray that I may yet abide thy call
In perfect peace; in calm tran-
quillity
Of soul; while not rejoicing, yet
as bold
To go as to remain. As glad to solve
The riddle as to blindly thread its
maze;
And with abiding faith that I may
trust,
As now, so then, the One whose
messenger
Thou art, to lead me through the
open gates
Of immortality.
